How much money was in that envelope passed under the dinner table Steve Ballmer handed to the Dick Cheney to get the buy out the DOJ (his nephew is now part of that department...isn't he)? Your corrupt attitude towards an established monopoly is so visible that I can't understand how you can face the public with a straight face! I find your "punishment" to be a total injustice and insult to the American people. I am neither a Republican nor a Democrat...but I'd rather be caught with my pants down than to be caught with monopolistic corporate money lining it's pockets. Thank you for your time. American voting tax payer.
